

YOSHITO IKEDA

Born 1973 Chiba, Japan
Based in Hiroshima, Japan

The theme of my work is "the shareability of memory" . The methodology of the work is to find images that can be shared by layering multiple images and photographs and by setting up a fictional narrative. The work is an attempt to create a new experience and time generated from such a process.

Education

- 2004 PhD, Tokyo University of the Arts Graduate School of Fine Arts, Tokyo
